

Najran

Building materials trading

Najran

"The name of quality and trust"

Since 2000

As one of the leading establishments in the Middle East, we deal with materials, machines and equipments for marble, granite, ceramic and all other items related with stones.

We only import high quality products from Italy, Japan and South Korea.

We stock a variety of products, some of which are as follows:-

- *Adhesive: Glues of various colors.*
- *Machines: Bridge saw cutting machines that come in several sizes*
- *Floor polishing machine*
- *Abrasive stones for all types of machines*
- *Diamond tools: Dry /wet cutting profile and grooving.*
- *Abrasive fiber disc.*
- *Protective products: Water-proofing, Water –repellent etc.*
- *Antique brushes and protective liquids.*
- *Projoint – brass and aluminum*
- *Solid flat bars - Stainless steel & Brass in different sizes*

Your kind co-operation and well wishes are our assets.

We are always at your disposal.

Yours faithfully,

S.Kumar.

CEO

Najran Building Materials Trading.

MARBLE GLUE HYPERKIT

Polyester resin based mastic for marble, granite and stone.

White, Cream:-Liquid and Solid in 1kg, 7kg and 28kg

Transparent:-Liquid and Solid in 1kg, 5kg and 20kg.

MARBLE GLUE GLOBALIT

Polyester resin based mastic for marble, granite and stone.

White, Cream:-Liquid and Solid in 1kg, 7kg and 28kg

Transparent:-Liquid and Solid in 1kg, 5kg and 20kg.

LIQUID WAX

Liquid wax: For polishing marble and granite

LIQUID WAX SELF POLISHING

Self polishing wax for marble, granite and stone in general. For both indoor and outdoor use.

BRIDGE SAW CUTTING MACHINE-ITALY

Bridge saw ideal for the building sector suitable for straight and 45 degree cuts used for natural stone, granite and marble slabs.

Engine: 3hp/2.2 Kw, Working table: 1000mm, 1200mm and 1500mm. Available in both single and three phase.

FLOOR POLISHING MACHINE

Floor polishing machine:
Grinding and polishing machine. (Marble and Granite)

WATER PUMP

Submersible water pump.

BUSH HAMMER

Bush hammer for marble and granite.

Sizes: 250x8TX30S (Marble)
250x5Tx45S (Granite)

ABRASIVE DISC

Abrasive sanding disc (silicon carbide) for marble granite and ceramic.
Size: 180mm, 115mm

GRANITE ABRASIVE DISC

Abrasive semi rigid discs (silicon carbide) on fibre for grinding granite and ceramic.
Size: 178mm, 115mm.

BACKING PADS

Rolled edge backing pad.
Size: 180mm, 115mm.

FLAP WHEEL

Abrasive shaft wheels with flanges for polishing marble and granite in different grits.

DIAMOND CUP WHEEL

**Edge profiling for granite (coarse and wave)
Size: 100mm.**

MARBLE CUTTING BLADE

**Marble cutting blade
Size: 300mm, 350mm, 400mm, 500mm, 600mm,
625mm.**

PROFILE WHEEL

**For shaping granite and marble.
Radius: 5mm, 10mm, 15mm.**

DIAMOND CORE DRILL BIT

**For drilling holes in marble and granite in different
sizes.**

GRANITE CUTTING BLADE-INDIAM

Granite wet cutting blade

Sizes: 300mm, 350mm, 400mm, 500mm, 600mm & 625mm.

GRANITE CUTTING BLADE-SILENT CORE-NBM

Granite wet cutting blade silent core

Sizes: 300mm, 350mm & 400mm.

GRANITE CUTTING BLADE-CAPITAL

Granite wet cutting blade

Sizes: 300mm, 350mm, 400mm, 600mm.

CERAMIC CUTTING BLADE

Ceramic cutting blade

Sizes: 300mm, 350mm.

GRANITE CUTTING DISC-SEGMENT

Granite dry cutting disc: Segment type.
Sizes: 180mm and 115mm.

GRANITE CUTTING DISC-TURBO

Granite dry cutting disc: Turbo wave.
Sizes: 180mm and 115mm.

GRANITE CONCAVE CUTTING DISC

Granite dry concave cutting disc:
Round cutting for granite.
Sizes: 180mm and 115mm

GRANITE CUTTING DISC-LASER

Granite dry cutting laser disc.
Sizes: 180mm and 115mm.

MARBLE CONCAVE CUTTING DISC-ELECTROPLATED

Marble concave electroplated disc.
Dry cutting electroplated concave disc for round cutting.
Sizes: 180mm and 115mm.

MARBLE CUTTING DISC-ELECTROPLATED

Marble electroplated disc.
Dry cutting electroplated disc
Sizes: 180mm and 115mm.

ELECTROPLATED TRIANGLE DISC

Electroplated triangle disc
For cutting and grinding marble
Size: 115mm M14.

VACUUM BRAZED DISC

Dry cutting disc for cutting neo-paris(crystal white marble) and granite.
Sizes: 180mm and 115mm.

SOLID WAX

High concentrated wax in paste form, for every type of marble, granite and polished stone.

ANTIQUE POLISH

Protective ageing satin effect for antique finish.(Marble and Granite)

ANTIQUE BRUSH

High quality brushes for antique finishes on marble granite and stone.

DIAMOND PADS

**Diamond polishing pad for curving, polishing and restoring. (Marble and Granite) in different grits.
Size: 100mm**

KRAFT LINER PAPER

**Kraft liner paper for mosaic.
30mm x 500m roll.**

FIBRE MESH

1m x 100m roll.

HOT PUTTY

Putty adhesive stick.

ABRASIVE PASTE

High gloss polishing paste for marble and granite.

EUROBUILD 502-WATERPROOF

Euroguard 502 is a single component waterproof coating specially formulated for natural stone, granite and marble.

EUROBUILD 500-WATER REPELLANT

EuroSealer SS 500 Penetrative and impregnating sealer is a single component clear, transparent liquid for natural stone, granite, marble and concrete.

CEMGUARD PC-400

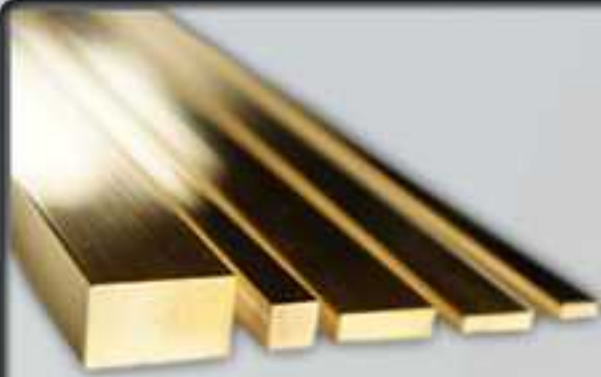

CEMGUARD PC-400 is a two component-(acrylic/cementitious) flexible waterproof protective coating for marble/stone, and concrete.

RUBBER STRIP

Used in steps - as anti-slip.

BRASS FLAT BAR

Solid flat brass bar grade alloy 380.
Size: 3x8mm, 5x5mm, 5x10mm, 3x20mm.

STAINLESS STEEL FLAT BAR

Solid stainless steel flat bar grade 304.
Size: 2x30mm, 3x7mm, 3x10mm
3x12mm, 3x25mm
5x5mm 5x10mm, 5x15mm & 5x20mm.

PROJOINT STRIP

Brass
Size: 5mm x 25mm.
Aluminium
Size: 5mm x 25mm, 6mm x 10mm.

ANTI-SLIP TAPE

Self adhesive anti-slip tape.
Size: 25mm x 18.2m roll.

OXALIC ACID

**Polishing marble and granite.
Coarse and fine.**

BLACK SILICON CARBIDE

**Black silicon carbide:
Grits - 24 ,36 and 60.**

POLISHING POWDER

**5 extra yellow powder for polishing marble and
granite.**

GRANITE POLISHING POWDER

Polishing powder with lead for granite.

GRINDING WHEEL

Grinding and grooving disc 300mm x H50mm
Size: 5mm, 8mm, 10mm, 15mm, 20mm and 30mm.

DISC TYPE SANDER

Electric polisher for diamond pad.

PNEUMATIC WET GRINDER

Air wet polisher for marble granite.

SLAB LIFTING CLAMP

Capacity: 1000Kg.

TENAX-AGER

Tenax Ager Sealer is a resin based color enhancing stone sealer. It brings out a fuller richer color on the stone, while hiding small scratches. It does not polish stone, but gives it the "wet" look.

TENAX-NEROPLUS

Neroplus that work as color enhancer and used for black granite, its highly efficient and capable of hiding the white dots on the surface.

SURFACE PROCESSING-IDRO STOP

Protective water-repellant anti-mould, against rising damp used for marble granite concrete and terracotta stone- suitable for indoor and out door use.

SURFACE PROCESSING-BRIGHT

Silicone wax for marble, granite and polished stones in general. It gives a polishing effect to surfaces which have already been polished. After applying the surface becomes water repellent.

DIAMOND GROOVING DISC

Diamond grooving disc

Size: 300mm H.50 for granite-5mm, 8mm, & 10mm.

Electroplated grooving disc

Size: 300mm H.50 for marble-5mm & 10mm.

COLOR PIGMENT

Universal coloring paste.

PIATTO

Grinding and polishing abrasive for all types of marble and stone.

ABRASIVE STONE-CASSANI/FRANKFURT

Grinding and polishing abrasive for all types of marble and stone.

SCRUBBING PAD

Scrubbing pad for polishing and buffing marble and granite.

VULCANISED FIBRE PAD

**Polishing and buffing marble and granite
Size: 250mm, 180mm and 115mm.**

BUFFING COTTON

**Polishing and buffing marble and granite
Size: 180mm.**

CUP STONE

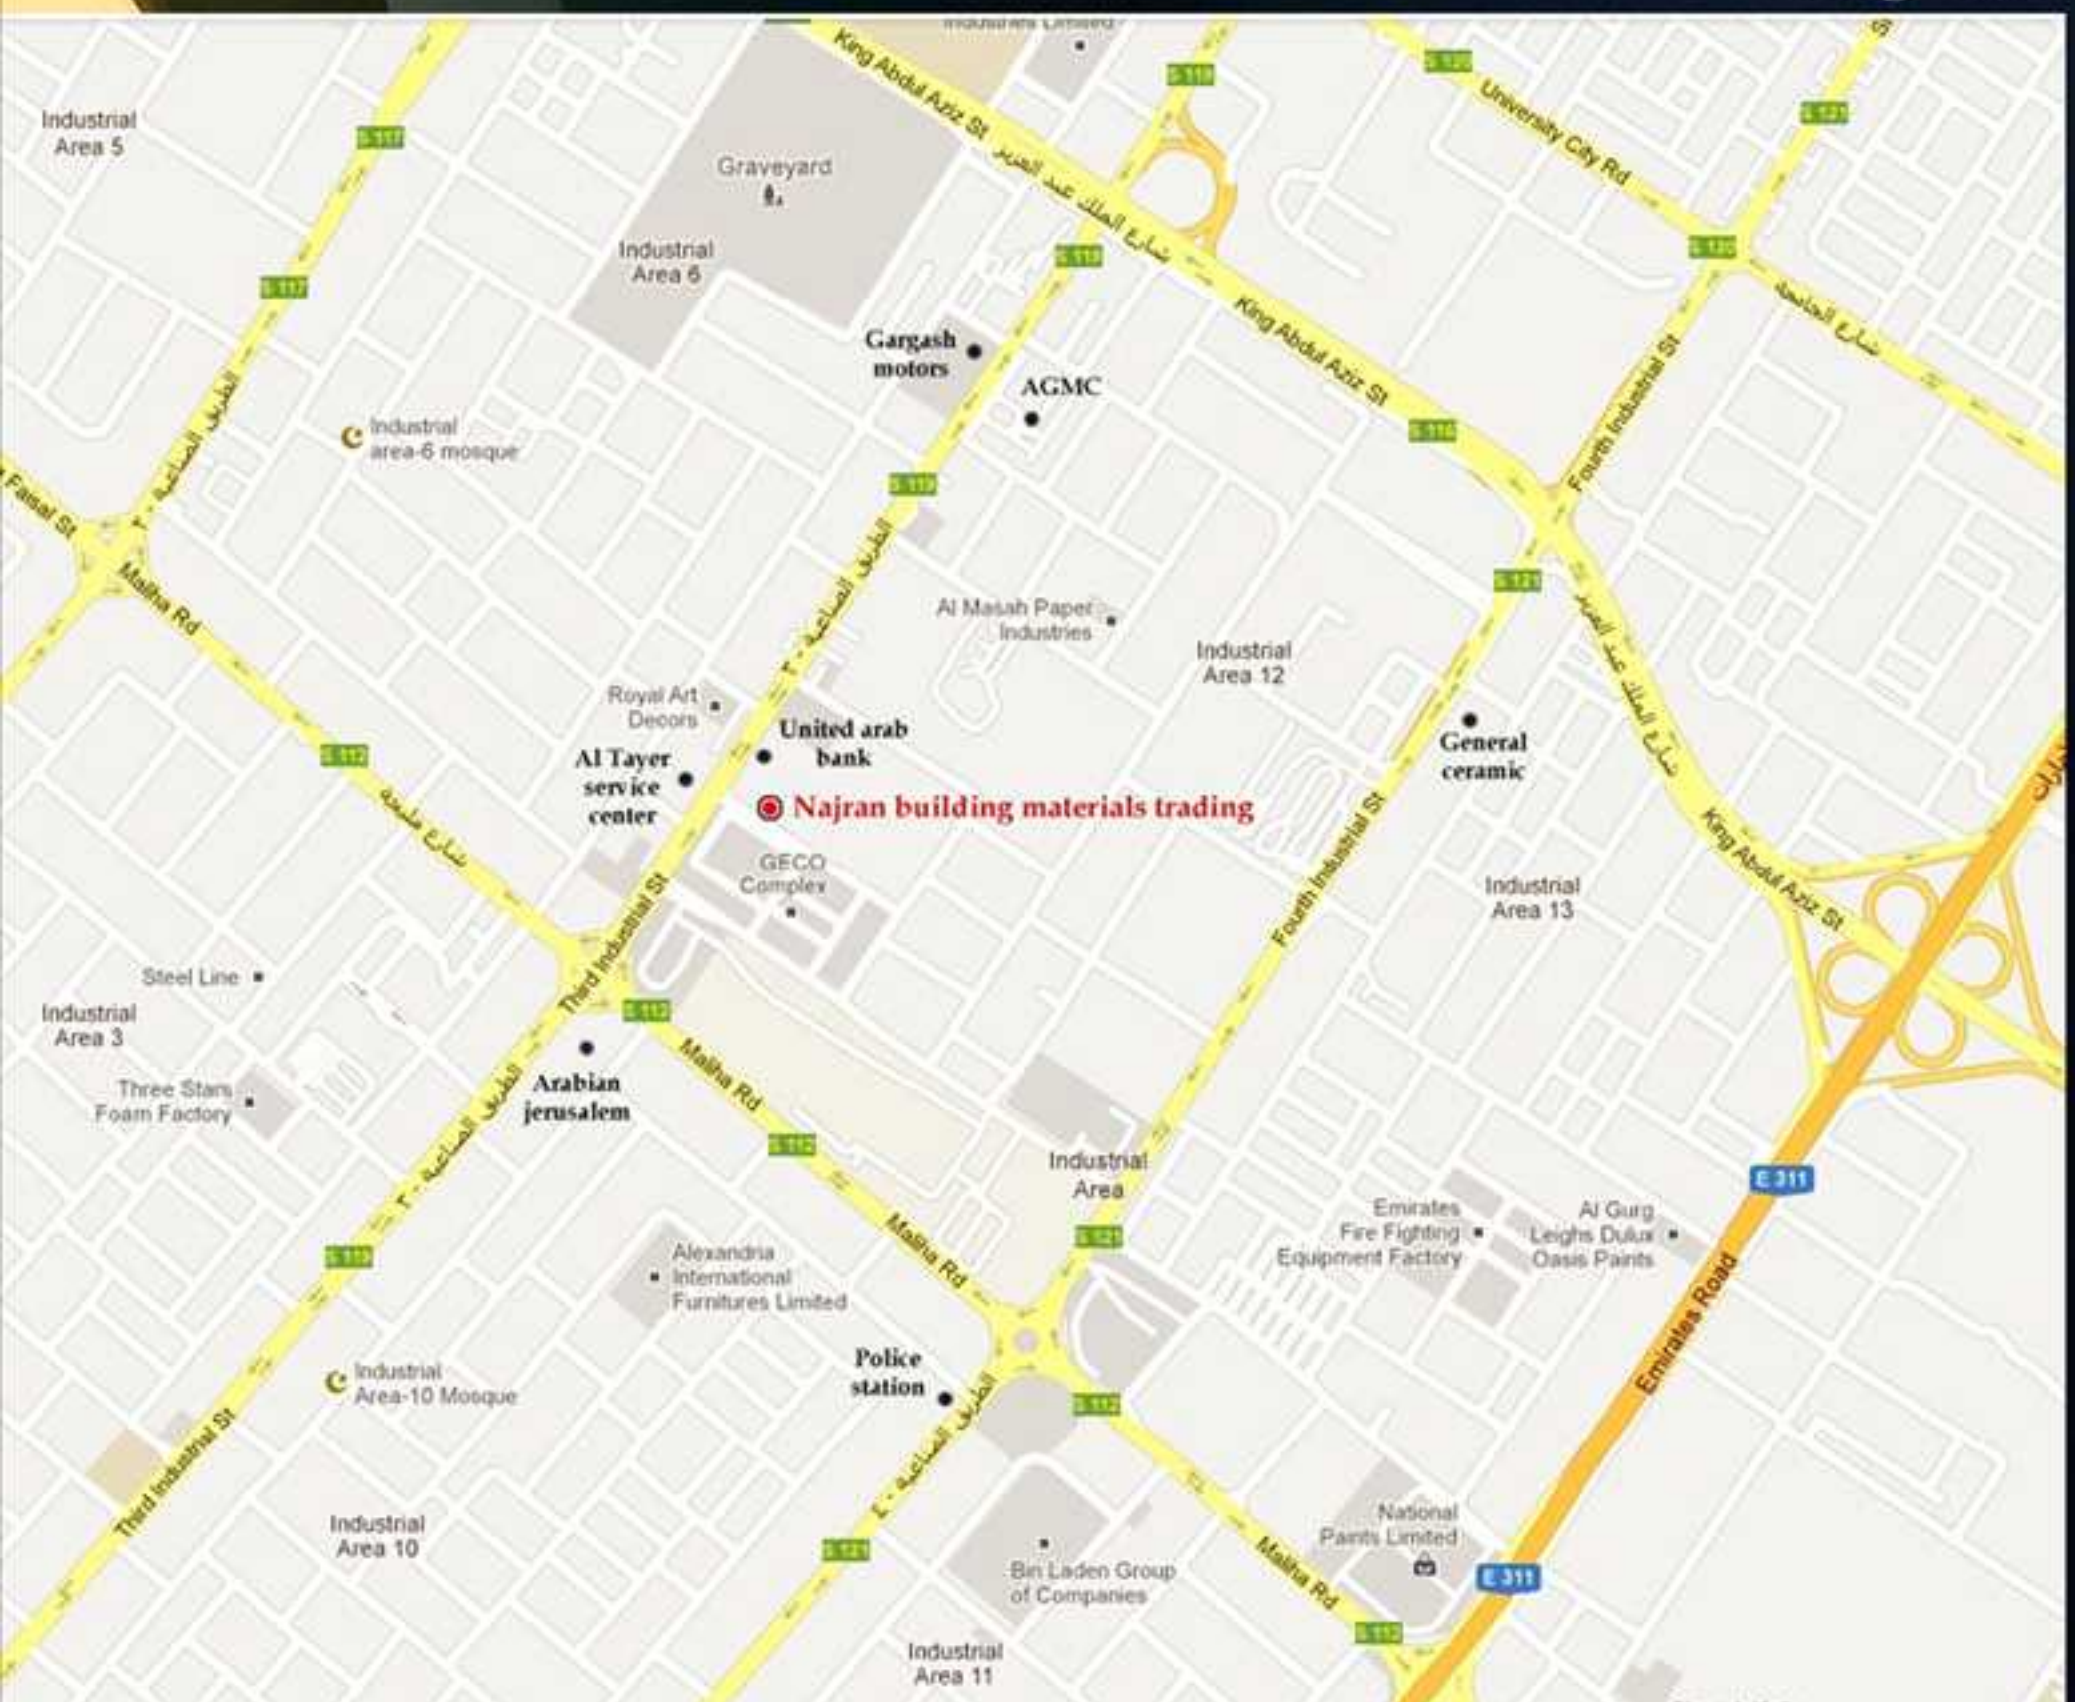

**Cup stone -silicon carbide
Size: 100mm Thread Type M14 & H22.2 in different
grits.**

Our location

*We are located in industrial area No.12 after
GECO signal second right behind UNITED
ARAB BANK opposite Al Tayer Service Center.*

*GPS Coordinates : N 25.31190
E 055.42362.*
